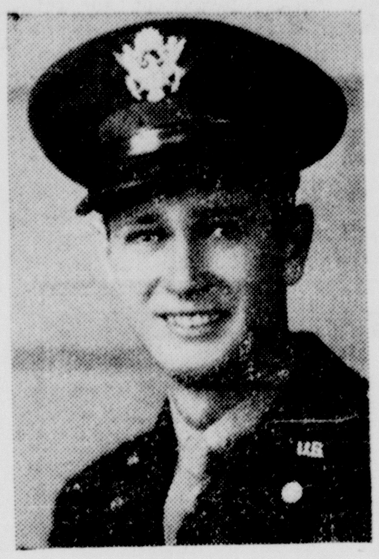
The Cameron Herald

VOLUME NUMBER 84 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JULY 29, 1943. | EIGHT PAGES TODAY | NUMBER 16

GULF COAST IS RAVAGED BY HURRICANE

In North Africa



LIEUT. GENE F. BLAKE

Lt. Gene F. Blake is on active duty in North Africa and was in Tunisia when the Axis armies were driven into the sea by the combined American, French and British forces.

Lt. Blake was commissioned from Washington in 1942, and in August of that year was sent to Fort Leonard Wood, Missouri, for training. He is a member of a Southern Pacific Railway Battalion now completing important assignments in North Africa.

After the Battalion left Missouri he was at Camp Claibourne, La., for 2 months and then at Fort Sam Houston for 6 months. It was presumed that the next move was for overseas duty.

Lt. Blake has been in North Africa about 3 months. While in San Antonio he was stationed at Cushing Field, named for Col. Edward B. Cushing, World War No. 1 and former Chief Engineer for the Southern Pacific Railroad. Cushing Field is a part of Fort Sam Houston.

On June 25, 1943, a son, who has been named Glenn Blake, was born at Newton Memorial Hospital in Cameron. The mother, the former Miss Lucille Merchant of Franklin, is making her home temporarily in Cameron with Lt. Blake's parents, Mr. and Mrs. F. G. Blake.

Before entering railroad service Lt. Blake was with his father in the Coca-Cola business in Cameron.

In Tennessee Camp

PVT. JOHN POSIVAL

Pvt. John Posival, one of two brothers of the family in the armed services, is stationed in Tennessee.

Pvt. Posival is the son of Mr. and Mrs. Edd Posival of Rogers. His brother is stationed at Camp McCoy, Wisconsin.

Pvt. Posival was inducted into the service in May 1942, and was assigned to duty at Camp Walters. He was later stationed for three months at Fort Knox, Ky. From there he was transfered to Camp Young, Calif. He remained there for a short time and obtained a furlough to return home to visit his family and friends. He is married and came to see his wife and parents. Upon his return he was sent to Camp Forest, Tenn.

BILL BURNS AT HOME

Bill Burns, United States Navy, stationed at Corpus Christi, is home for a few days furlough. Bill is a volunteer in the navy and has been under special assignments and in school for months and recently graduated for active duty. He has visited home only briefly and this time will remain several days. Bill is half owner of the Marek-Burns Funeral Home.

DAMAGE NOW ESTIMATED TEN MILLION DOLLARS

The hurricane which swept in from the Gulf between Galveston and Port Arthur late Tuesday was reported subsiding Wednesday afternoon.

Richard Hester, local observer for the United States weather bureau, contributed the following story on the storm:

Skies were clear Wednesday morning in Galveston and Houston area and the storm had passed inland. Power and water supplies were still out in Galveston but had been restored in Houston and tri-city area. Two deaths were officially reported at noon, a negro boy in Houston and a negro woman in Galveston.

Figures on estimated damage had reached 10 million dollars Wednesday morning and officials reported the storm to be the worst in Houston-Galveston area since the devastating flood in 1915.

The storm traveled inland during the night accompanied by torrential rain and diminishing winds. Although no reports were available, wind direction and barometer readings in Cameron seemed to indicate the center of the storm was somewhere east of Cameron at noon Wednesday and traveling northwest.

Steady downpours were reported from Milano east. Indications were that unless the storm changed direction before nightfall, Cameron would remain too distant to receive much moisture.

TWO GIRLS DROWN IN LITTLE RIVER TUESDAY

Two Mexican girls, one 13 and the other 16 years of age, lost their lives in treacherous waters of Little River Tuesday afternoon on the Judd G. Davis farm near Bryant Station.

The girls were bathing in the river when they were caught in dangerous waters.

The bodies were not recovered until early Wednesday. The names of the girls were not known to the Herald but were reared on the Davis farm.

The scene of the accident is only a short distance from the Cummings crossing bridge. Some years ago another life was lost near there and 20 days elapsed before the body was recovered.

ITALY TO FIGHT ON WITH THE GERMANS

Rome radio announced at noon Wednesday that "the Italian government has no altrenative but to continue the war as an ally of Germany."

If the Italian government is responsible for this announcement to the world the war can be effectively won by an all out attack with the Italians going down in a bloody pledge to Nazi Germany.

It was heartening news.

J. W. HAYGOOD TAKES TEMPLE EXPRESS JOB

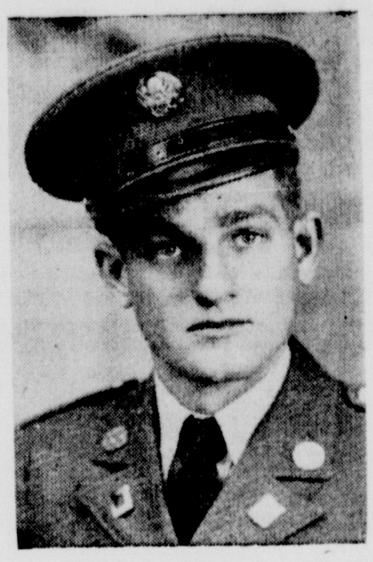
J. W. Haygood, for more than 20 years, agent for the Railway Express Company in Cameron, has been promoted by the company and given the agency in Temple.

Harvey Radtke who has been employed here for several years has been made agent in Cameron to serve until such time as a permanent appointment is made. It was regarded as likely Mr. Radtke would get the place.

Mr. Haygood is a veteran with the company. During his stay in Cameron he was an active civic leader and the city feels it can ill afford to lose him. Mrs Haygood will move to Temple with him. They have a daughter, Miss Ella Bess Haygood and a son, Lt. John Calvin Haygood, United States Army Air Corps, and stationed at Marfa.

Mary Katherine Claxton and Rita May McKeown brought magazines to The Herald for the soldiers early Saturday. This is the second time they have brought in magazines and are doing a swell part by the men in the armed services.

Serves Overseas



PFC. ALFRED FRANK GELNER

Pfc. Alfred Frank Gelner has been on active duty overseas with the U. S. army Engineers since May of this year. He is believed to be somewhere in the South Pacific area.

Pfc. Gelner enlisted in the Army Engineers three years ago on July 20, long before the enactment of the Selective Service act and is in every sense a volunteer. He was first assigned to duty at Laredo. He spent 9 months at Fort Bliss, El Paso, and was then sent to camp at Indo, Calif. He was next in service at a camp in North Carolina and from there to a camp in Virginia and then back to Fort Bliss.

His next move was to the battle zones in the South Pacific. He left the United States in May of 1943, and his parents have not had word from him.

Pfc. Gelner is the son of Mr. and Mrs. Frank Gelner of Cameron. He attended high school in Cameron and was engaged in farming before he volunteered for the army.

HUMAN SKULL FISHED FROM BRAZOS RIVER

A human skull was fished from the Brazos River near Port Sullivan Wednesday afternoon by a fisherman.

Deputy Sheriff Carl Black went to the river to investigate. He said the skull appeared to be that of an adult person, with all teeth intact and in a good state of preservation.

There was no flesh on the skull. A fisherman hooked the head and was somewhat amazed to discover a human skull emerging from the water. Officers concluded the head was that of a person drowned in the river months or perhaps years ago.

At Washington Base

LIEUT. JAMES SAMUEL TYSON

Lt. James Samuel Tyson, United States Army Air Corps, recently visited his family and friends in Cameron, returning several days ago to Victorville Army Air Base in California. He was recently assigned to duty at Moses Lake, Washington.

Lt. Tyson was commissioned an officer in the Army Air Corps at Victorville flying school in California. He wears the wings of a Bombadier, a coveted rank and honor in the air corps.

Lt. Tyson is the only son Dan Tyson, City Secretary and Treasurer, and Mrs. Tyson.

Mr. and Mrs. Bill Pugh and son James Curtis of Taylor visited in the home of Mr. and Mrs. Curtis Moseley of Cameron last week end.

JERRY FRANK TOMEK MISSING IN ACTION

Jerry Frank Tomek, Fireman 3rd Class United States Navy, is missing in action following a sea battle off the island of New Georgia in the Solomons group in the South Pacific.

Frank J. Tomek, Sr., father of Jerry Frank, received a telegram late Wednesday from Rear Admiral Randall Jacobs, Chief of Naval Personnel in Washington, stating that his son is missing in action.

Jerry Frank was aboard the United States cruiser, Helena, which was sunk off New Georgia Island on July 6th. First reports indicated that only a few men of the crew were lost. Later it was disclosed that some 175 of the men reached a nearby island and were rescued.

Mr. Tomek is asking the Red Cross to investigate in the hope that his son may yet be alive, but there is every indication he has lost his life.

The cruiser Helena was attacked by Japanese submarines and by bombers as the ship steamed into action off New Georgia during landing operations. News of its sinking was announced immediately by the navy department.

Jerry Frank was under 18 years of age. He left Cameron in October of 1942 for the navy, a volunteer. He was then 17. He reported for training and making good progress was soon assigned to duty aboard the cruiser, Helena.

He was one of three brothers, all volunteers, in the service. Frank J. Tomek, Jr., is in the army and stationed at Fort Bliss, El Passo; and Chas. J. Tomek is now at Camp McCoy, Wisconsin.

The loss of Jerry Tomek is a severe blow to the community and many friends here and at Ad Hall where he was reared, will be deeply affected by the shocking loss they have sustained.

INFLATION WORST HOME PROBLEM SAYS POAGE

Congressman W. R. Poage, guest Wednesday of the local Rotary Club, declared inflation is the worst of the domestic problems.

To meet this problem the Congress must enact legislation in September Mr. Poage was one of the majority who voted to over ride the President's veto of the price control bill which prohibited use of tax money for subsidies.

Congressman Poage says inflation results from too much money and advocates taxes on incomes inflated by war profit to curb inflation.

Francis Cox, who has been band master for the Yoe High School Band for 12 years has resigned. He will leave August 1st.

In The Air Corps

PVT. JOE J. PETRU

While Pvt. Joe J. Petru has been in the army air corps for only about four months he has made a lot of progress and friends and is doing fine.

Pvt. Petru is now stationed at Camp Warren, Wyoming. This camp was named for the late Senator Warren of that state who was a brother of the wife of General John J. Pershing, commander in chief of the American armies in France in World War No. 1.

Pvt. Peru was first assigned to duty in Mississippi. He is the son of Mr. and Mrs. Albin Petru of 406 Burleson Street, Cameron.

Dave McLane returned home Monday from the Newton Memorial Hospital much improved.

Fights For Unlce Sam

SGT. FLOYD F. HATCH

Sgt. Floyd F. Hatch is showing the same courage and determination he exhibited on the gridiron here when he played three years of good football for the Yoemen under Coach Carroll Wood.

Sgt. Hatch is somewhere on foreign duty overeas. He volunteered for the air crops in October of 1939, and was admited to the service at San Antonio where he spent three months in training. In December of 1939, he was sent to Moffett Field, California and in March of 1940, was transfered to March Field, one of the great air bases of the world.

While at Hamilton Field, California, where he was sent from March he left in February for machanic's school at Los Angeles where he remained for 6 months. In February 1942, he was sent to Myrtle Beach in South Carolina and in March was transfered to another squadron and sent to Key Field, Mississippi. In July 1942, he left for foreign duty.

Sgt. Hatch is the son of Mr. and Mrs. C. V. Huffman of Cameron.

FUNERAL HERE SUNDAY FOR GEORGE ALBRIGHT

Funeral services for George Albright, 79, who died in Dallas, will be held in Cameron late Saturday.

Mr. Albright died in Dallas Friday night, July 23, 1943, where he had lived all his life. He was brother of the late Mrs. W. H. Triggs.

Funeral services will be held from the W. H. Triggs residence at 6 p m. today. Rev. Bob L. Pool, pastor First Methodist Church will conduct the services and interment will be made in Oak Hill Cemetery.

Mr. Albright was a native of Missouri, born in 1864. He was never married. He had visited in Cameron many times and many here were sincerely sorrowful over his death late Friday.

MORE POWER FROM NEW TP&L GENERATOR

A huge new 30,000 killowatt tourbo generator will be put in operation this week at the Trinidad generating station of Texas Power & Light Company. This tremendous power unit generates enough electricity to supply the power and light needs of a city of 100,000 people. The new equipment is the latest contribution to the war effort by Texas Power & Light Company and will supply more power for victory.

When Texas Power & Light Company built its power station at Trinidad almost 20 years ago, provision was made for increasing its capacity to supply additional power for industrial expansion and population increase of Texas. The design of the plant provided ample space for the installation of additional power machinery. Because of this planning to always keep ahead of demand the huge new turbo-generator was installed at maximum speed and with a minmum use of critical materials. The actual construction of the new machine, the fourth power unit at the Trinidad station, was started in 1941, months before Pearl Harbor. The additional power provided is distributed over the TP&L's extensive transmission system, interconnected with the transmission systems of several other companies, for use wherever it is needed in Texas or in the Southwest.

"The Trinidad power plant, strategically located with respect to vast reserviors of natural gas and adjacent reserves of lignite, is now, and has

(continued on page four)

FIRST BALE GINNED IN MILAM COUNTY

Milam county's first bale of cotton for the 1943 season, was ginned at the Matyastik gin at Clarkson at 2 p. m. Tuesday, July 27.

The bale was produced by Weldon Black on his farm near Clarkson. The bale weighed 566 pounds and the seed from the bale weighed 765 pounds.

Report on the first bale was made by John Matyastik, owner of the gin who was in the city Tuesday afternoon. It was not learned Wednesday morning what plans are being made for a premium but it was presumed the Chamber of Commerce would follow its policy of sponsoring the premium.

The Jones Prairie and Clarkson communities have set a consistent record for producing the first bale. The crop there is said to be very good and harvest will get under way within the next few days.

Mr. Black who produced the bale expects a good yield from his cotton acreage this year.

3.18 INCHES OF RAIN FALLS HERE THURSDAY

A rain of great benefit to this section came in on the heels of the hurricane which swept the gulf coast Wednesday.

Up to noon Thursday 3.18 had fallen in Cameron. It is difficult to estimate the benefit to come from this timely downpour.

An extereme heat wave of several days duration was broken Tuesday afternoon as northwinds came in from the gulf storm.

The rain, at first very light began falling at midnight and continued until 9 a. m. Thursday.

You Think It's Hot? On July 11 and 12 in 1917 Was 114 and 113

So you think it's hot?

Well, as a matter of fact we just about make it from one fan to another on the way to the water cooler, but back in 1917 it was really hot.

Richard Hester, government observer, gave the Herald the figures on the highest temperature ever recorded here. On July 11, 1917, the thermometer registered 114 degrees and on the following day July 12 it registered 113 degrees.

On July 21 this year the reading was 100 degrees and here is the complete 6 days reading: July 21, 100; July 22, 100; July 23, 101; July 24, 104; July 25, 101, July 26, 100.

A Gulf storm cooled things off considerably early today and the readings were lower.

Edward Murff of Burlington has returned home from the Newton Memorial Hospital much improved

In The Cavalry

PFC HUBERT STANISLAW

Pfc. Hubert Stanislaw volunteered for service in 1941 and picked the cavalry. Accordingly he was sent to Fort Ringglod and later transfered to Fort Bliss near El Paso.

He is now stationed at Fort Bliss. Pfc. Stanislaw likes army life and feels good about the opportunity to serve his country in times of emergency. He plans to return to the farm after the war is over.

Pfc. Stanislaw is the son of Mr. and Mrs. F. H. Stainslaw of Rural Route 1, Cameron, and was born and reared in the Marak community. The Marak community has an outstanding record for the number of young men in the service.

Elizabeth Sprott and Leo Allen Price Married At Presbyterian Church Sunday Evening, July 18

A wedding of interest was the marriage Sunday evening, July 18th at 7:15 o'clock at First Presbyterian church when Miss Elizabeth Sprott, daughter of Mrs. Charles Sprott, became the bride of Leo Allen Price, Rev. Solomon, pastor, officiating in the beautiful ring ceremony.

The church was attractively decorated with tall pedestal baskets filled with white glads tinted in pink, tall white candles in a wrought iron candalabre that shed a rosy hue over the scene.

The bride was given in marriage by Lt. Cox Thornton of Fort Williams, in Utah. She was beautifully attired in white bridal satin, full length, and veil full length caught up with dainty pink sweetheart rosebuds; and carried a colonial bouquet of pink sweetheart rosebuds and stephanotis frilled with silk French maline and carried a lace handkerchief her mother used at her wedding.

She attended Baylor University for two years, and specialized in piano, and also attended Baylor-Hardin College and is a student of Dr. Galenwiaz and was on honor roll. She will continue her studies with Dr. Galenwiaz.

Miss Catherine Monroe presided at the organ and gave the wedding music, playing "O, Promise Me," "Ave Marie" and "I Love Your Truly," playing softly during the ceremony, "To A Wild Rose." She also gave the Lohengrin and Mendelssohn's wedding marches. Her attendants were Matron of Honor, Mrs. Charles S. Sprott, who wore a delicate blue silk net over taffeta and a picture hat of white horse hair braid and carried a colonial corsage of baby-breath and pink daglies. Mrs. O. B. Harden, wore a pale blue dress and carried a corsage of white carnations, and hair dress. Miss Viola Thomas was attired in a pale blue dress trimmed in black lace and carried a corsage of pink carnations and hair dress; Miss Thelma D. Moorman of Waco, wore a deliciate shade of yellow dress with orchid trimmings and carried a corsage of orchid pom-pom and hair dress.

Miss Catherine Monroe, organist, was attired in champagne yellow dress with corsage of pink rosebud, and hair dress. The little flower girl, Barbara Joe Young, was daintily dressed in white and carried a colonial basket of flowers. The ring bearer, Dwight Moody, Jr., dressed in white, carried a white satin pillow.

The bride groom was attired in white, and was attended at the altar by Dr. Douglas of Baylor University. The groom graduated from Baylor University in class of 1941, and is assistant instructor in Zoology and Physical Education. He was a Beta, Beta, Beta, Alpha Cum and Sigma Delphe Pi. He was attired in white suit and wore a boutonniere, as was his best man.

Out of town guests included: Lt. Cox Thornton, Mrs. T. N. Whittle of Gladewater, an aunt of the bride; Dr. and Mrs. Douglas and son Butch of Waco; Miss Audrey Newell of Waco; and Mrs. Charles S. Sprott of Gladewater, sister in law of the bride; Miss T. D. Moorman of Waco; and Miss Thomas of Houston.

Mr. and Mrs. Price have gone to housekeeping in an apartment in Waco.

Sgt. Lawrence Hosch And Wife Visit His Home Near Cameron

Sgt. Lawrence Hosch and Mrs. Hosch have returned to their home in Wichita Falls after a visit here with his parents, Mr. and Mrs. Anton Hosch.

Sgt. Hosch is a mess sargeant and has held this important assignment for many months.

Sgt. Hosch and Miss Ida Geis of Wichita Falls were married on June 18, 1942. She is employed by a large auto supply house in Wichita. Mrs. Hosch was born and reared in Wichita Falls.

Mrs. Will Guyes of Italy, is a guest in the home of Mr. and Mrs. D. H. Slaughter and other relatives and friends here.

ITALIAN COLLAPSE IS FORECAST BY EVENTS

Palermo, capital of Sicily, was being evacuated Thursday as American and Canadian forces took six more towns and pushed further up the west coast of the island.

Palermo is only a short distance from the mainland of Italy and its capture would end all resistance in Northwestern Sicily.

On the plains before Catania the Germans were putting up a last ditch bitter fight against the British army under General Motgomery. Bloody losses on both sides were in prospect as the battle for Cantania raged.

The Pope from the Vatican in Rome has dispatched a note to belligerent powers asking that Rome be spared further bombings.

If declared an open city the Italian capital might escape air attacks but if the Allies were truthful in their first statements that war industries are located near historic places, cessation of bombing would mean deference to the religious phase of the Eternal City.

It was generally agreed that if the city could be spared much of the world's art treasures and historic monuments would be saved. The Germans and Italians did not spare any of the cities they attacked in the early days of the war. Paris was declared an open city and saved but the French government went to Versailles.

McGown Given Five Years in Prison

Albin McGown, Jr., of Rockdale was found guilty by a jury in District Court here Monday and his punishment was fixed at 5 years in state prison for the robbery of an aged Mexican near Rockdale.

Evidence in the trial disclosed that McGown had obtained ration books and some money from the old man.

Joe J. Marek of Buckholts transacted business in Cameron Tuesday.

14 Negroes Fined For Vagrancy; Idle Urged to Work Here

Fourteen negroes paid fines in corporation court here on charges of vagrancy, it was announced by City Marshal Dan Lunsford.

The negroes were rounded up by the marshal and booked. Under present conditions and due to the labor shortage idle negroes are urged to get jobs or face vagrancy charges.

Mr. Lunsford said that he had issued a warning to whites as well as blacks who will not work and are without visible means of support. Vagrancy, if it exists in the city to any degree that hampers progress in war times, is a serious indictment.

Young men in military age who will not work and who have been rejected for service, do nothing to aid their country or build morale among those who have to bear the burden.

Warnings by officers are worth much if put into action.

WE ARE READY

The Pea Market

IS NOW OPEN

Our thresher will run 3 days a week, Monday, Wednesday and Friday

We will take all the dry, cured peas you have and will pay the highest market prices.

We have the cash and the government needs the Pea Crop. Let's Go!

HUDSON (Doc) WOODS

MILANO, TEXAS

If It's Available

... We Have It!

We've just been checking up, and find ourselves all set to give farmers better building, roofing and lumber service than most of them suspect from all the talk that's going around. Next time you're in town, drop in. We'll show you how to start Spring off with the cheerful sound of saws and hammers in preparation for the greatest food production year at the most profitable prices you've ever seen. Free estimates cheerfully given at all times.

Repair in time for work ahead!

and avoid costly trouble later!

SICILIAN CAMPAIGN DUE TO END SOON

The American 7th Army under Gen. Geo. Patton Saturday had completed occupation and mopping up of Palermo and had turned east and north to attack the Germans in the Catania area.

So fast is the army moving, it was believed that the campaign might end shortly as the Germans would be caught between the American 7th and the British 8th army under General Montgomery.

Already reports came in that the Axis are evacuating Sicily as quickly as possible. It was agreed however, that few troops would be able to escape.

In Berlin a spokesman said that there had been no serious intention of defending Sicily.

Axis prisoners captured now number around 100,000 and the number may be much larger by nightfall.

The Germans were in a bad way at Orel. The most severe battle of attrition in history was in its 10th day. Losses are extremely heavy on both sides. One report indicated that the Nazi were attempting to evacuate Orel. Already the German people have been prepared for the disaster.

The Russians were throwing in such vast reserves of men the Germans cannot withstand the pressure. Germany appears defeated and has lost the war.

A battle of attrition is concentration of effort to slay on both sides, to exact blood and death and to consume manpower.

United Nations airmen hit three separate places in Italy. If the Sicilian campaign is ended quickly an invasion of Italy appears but a matter of days.

Over in the South Pacific long range bombers were reaching out to blast Jap bases in a circle of 1200 miles.

58 MILE MARCH SETS RECORD BLITZ MARK

Palermo, capital of Sicily fell to the Americans Friday and the capture of the city shut off all Axis forces in the western portions of the island.

General Patton's army after the capture of Enna, marched 58 miles to set a new blitz record. The city fell without any considerable resistance.

Italian soldiers are shooting their German officers and are surrendering to the Americans. In many cases the Italians think they are coming to America.

Other Sicilian towns are being evacuated and at noon Friday it was said that almost four fifths of the entire island is in the hands of the Americans and Canadians.

The Germans are still fighting with fury around Catania but admited that the British have breached their lines.

Rome was bombed for a second time according to Italians who said explosives fell on the outskirts of the city.

Munda the New Guiena air base of the Japs was reported surrounded Friday.

A devastating bomber attack on the Jap naval base in Java was carried out by Americans and heavy damage there was reported. All our planes returned safely.

The German radio Friday said that the most severe battle of attrition in history is being waged around Orel The German spokesman said that 9 million men are engaged in this battle. The Russians are pressing in from three sides.

OWENS-DASHER

Miss Sue Owens of Cameron and Sgt. S. P. Dasher of Atlanta, Ga., who is now stationed in Camp Hood were married Friday, July 17, at 8:00 in a Camp Hood Chapel by Chaplain Tabott of Camp Hood.

Mrs. Dasher was given in marriage by her brother in law Lt. J. A. Nicholas. The bride was dressed in a lovely blue floor length dress. She carried a bouquet of pink carnations. The witnesses were Mrs. Dasher's sister, Lt. and Mrs. J. A. Nicholas. Mrs. Nicholas wore a lovely white sharkskin suit with brown accessories. Both Sgt. Dasher and Lt. Nicholas wore army uniforms.

After the wedding they took a short trip to Franklin to visit her parents Mrs. and Mrs. W. L. Owens. Sgt. Dasher returned to Camp Monday. Mrs. Dasher at the present time is staying with her sister Mrs. Nicholas in Cameron.

JULY IN HISTORY

July 21, 1942—Navy reported U. S. subs sank three more Jap destroyers near Kiska; Admiral Leahy named President Roosevelt's Chief of Staff.

July 22, 1933—Wiley Post completed first solo flight around the world.

BUTTS-ERWIN

A marriage of much interest to many friends in Cameron is that of Miss Lucile Butts to Cpl. Hollis Erwin of Camp Hood, Monday evening, July 19th at six o'clock at the Methodist parsonage at San Marcos, with the Rev. Dr. Callahan reading the service.

The bride is the daughter of Mrs. Emma Butts of Cameron, and the late N. H. Butts, who for many years was commissioner for Milam county, and was also a prominent business man.

After completing her high school education she accepted a position in Austin and has been employed as a secretary, a position she will continue to hold.

The bride groom is from Camp Hood, a son of Mr. and Mrs. Judson Erwin, of Phoenix, Arizona, and has visited Cameron for many months.

The ceremony was witnessed by Miss Pocahontas Culbert of Rogers, who is employed in Austin, and accompanied Cpl. and Mrs. Erwin to Cameron Tuesday afternoon where they visited Mrs. Erwin's mother, Mrs. Butts, for a few hours, returning to Austin that evening.

Many friends in Cameron and over the state extend best wishes to the happy couple and wish for them a happy married life.

IN AIRCRAFT PLANT

Miss Gloria Halberdier and Pherrel McElwrath have been transfered from North American Aviation Inc., to Consolidated Vultee Aircraft Inc. and are in Depatment 23. They are painters in 'Flight Decks" and "Bonbay." After the planes leave this assembly, within 48 hours they are in actual combat.

Miss Halberdier and Miss McElwrath are the last to finsh up these planes and are doing their best to he'p end this war, that our boys may come home again.

Johnnie Slavik Goes To The Naval Radio School in Colorado

Yoemen football team for the past two seasons, has been selected to attend the naval radio school at the University of Colorado.

Johnnie was the only man in his company at San Diego selected for this course. The remainder of the company went to sea.

While in the unversity he will qualify for any one of three branches of service in the navy, aviation, signal corps or radio. Information of his selection was contained in a letter to his father, Jos. Slavik, Sr., who was in Cameron early Saturday on his way to Ennis in connection with insurance matters.

Johnnie is a volunteer in the navy entering service after completing his school year in May. After only 6 weeks he gets an appointment to the naval school.

Fred Stoebner of Burlington was a Cameron visitor Wednesday.

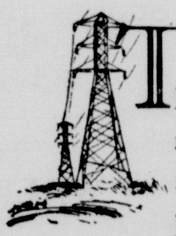
Mr. and Mrs. John Stoebner were in Cameron Tuesday.

More ELECTRIC POWER FOR Victory

THIS huge turbo-generator, a mighty weapon of war, providing more power for victory, has just been put in operation by Texas Power & Light Company at its Trinidad Generating Station. The effective capacity of this new unit is 30,000 kilowatts, or 40,000 horsepower . . . enough to supply the power and light needs of a city of 100,000 population.

TEXAS POWER & LIGHT COMPANY

Supplies More Electric Power for Victory



THIS new 30,000 kilowatt turbo-generator drives machinery in factories producing weapons of war and industrial materials essential to victory. Its pent-up power and energy adds speed and impetus to America's war effort.

The policy of the Texas Power & Light Company is to be *always ready ahead of demand,* and when this great power station was built by the Company at Trinidad almost twenty years ago provision was made for adding this tremendous power unit.

Actual construction of this new turbo-generator was begun in 1941, months before Pearl Harbor. Because of this wise planning for the future in providing space for expansion, the huge machine has been installed at maximum speed and with a minimum use of critical materials. And now, without delay or confusion, the TP&L Company's extensive transmission system . . . interconnected with the transmission systems of Lower Colorado River Authority, Brazos River Transmission Electric Cooperative, Texas Electric Service Company, Southwestern Gas & Electric Company, and several other neighboring companies, which in turn have interconnections with still other companies . . . is ready to deliver power from this new turbo-generator for use wherever it is needed in Texas, or in the Southwest.

The Trinidad power plant, strategically located with respect to vast reservoirs of natural gas and adjacent reserves of lignite, is now, and has been, operated to provide the basic supply of electricity for a large area. By virtue of its central location, and its nearness to these large fuel reserves, this great generating station is becoming more and more the bulwark of dependability for the users of Electric Power in the Southwest.

Planning for the future, an axiom of Company policy, has prevented there being at any time any power shortage in the 52-county area served by Texas Power & Light Company. The coming of war, with scores of new military installations added, vast expansion by industry for war production, and a greatly increased population, caused an enormous increase in the demand for power and light service. The Company was found ready, meeting every requirement promptly and efficiently with ample power provided ahead of all needs.

The Company has also aided the national war effort by helping meet critical power requirements of the war program in other areas. When drouth impaired the Tennessee Valley Authority's power supply in the Southeastern states, this Company, with others, came to the rescue and relieved the power shortage in that area. This Company, cooperating with ten other companies in seven other states, is now providing power for a great war plant in Arkansas which is turning out aluminum for our country's war program.

This fourth powerful unit at Trinidad contributes to the efficiency of America in waging victorious war. It stands as an example of that which has made America great . . . the system of free enterprise, under which men are permitted to use their talents and venture their time and money in planning and building for the present and in anticipation of future needs. Under this system of American industrial-liberty, the factories and industries of Texas and the entire Nation were able to speedily gear their manpower and resources to meet the wartime emergency and thus enable the United States to become in reality the Arsenal of Democracy.

John W. Carpenter

JOHN W. CARPENTER,
President and General Manager.

POWER

(continued from page one)

been, operated to provide the basic supply of electricity for a large area," John W. Carpenter, president of Texas Power & Light Company, said. "By virtue of its central location, and its nearness to these large fuel reserves, this great generating station is becoming more and more the bulwark of dependability for the users of electric power in the South west.

"Power is an essential weapon for winning the war and our Company has supplied ample power promptly and efficiently for the many military installations and war indsutries it serves in this area. We have met this emergency demand for additional power needed for the war program and, at the same time, have continued to provide the electric service needs of our many thousands of individual customers in the 52-county area we serve.

"The Texas Power & Light Company has also aided the national war effort in other sections of the country. With several other companies, TP&L came to the rescue of South eastern states by providing power when drouths impaired the Tennessee Valley Authority's power supply. The Company at present is supplying power needed at an aluminum plant in Arkansas whose product is essential to the war program.

"The Texas Power & Light Company now provides electric service to 17 R. E. A. Co-operatives, and since last December, has been distributing the power produced at Morris Sheppard Dam, near Mineral Wells, making available for war industries a large amount of power which would be unavailable if it were not for TP&L transmission lines. The Company has also made a proposal to the U. S. Army Engineers to purchase River Dam at Denison on terms at the power output of the new Red least as favorable as for the same character of power produced and sold by T. V. A. to pass any and all benefits on to the public, thus providing the Government with an immediate means of putting this power into good use.

"The 1,500 employees of the Texas Power & Light Company are doing a grand and patriotic job on the home front as an organization whose aim is to provide more power for victory. More than 300 Company employees are in the armed services, in various parts of the world, fighting on land, on sea and in the air where they offer their lives if necessary. Employees remaining at home are active in the sale of war bonds and stamps and in support of the Red Cross, Civilian Defense and other wartime activities."

Mr. and Mrs. Milton Weems and son Buster were Cameron visitors Thursday afternoon.

I. O. LOONEY BURIED BEN ARNOLD SUNDAY

I. O. Looney, Bartlett business man and native of Milam county, was buried Sunday afternoon at Ben Arnold .

Mr. Looney died Saturday in a hospital where he had been taken for treatment following a collapse of his health.

He had been engaged in the hardware business in Bartlett for many years. The old home is at Ben Arnold where his mother, Mrs. Ike Looney, widow of the late Hon. Ike Looney, former representative, now resides.

Mr. Looney was a brother of Mrs. G. B. Taylor of Cameron.

lett in the early afternoon and the

Funeral services were held in Bartbody taken to Ben Arnold for interment.

Funeral services at Ben Arnold were interrupted by a violent hail and rain storm. Dr. G. B. Taylor who sat near the aged Mrs. Ike Looney was injured when a steel support of the funeral canvas fell across his head.

The funeral was held up until the rain ceased.

The family has lived at Ben Arnold for many years. Deceased left here some 25 years ago and had been a successful merchant in Bartlett.

MRS. ANNIE ABSNAIDER DIES AT SALEM HOME

Mrs. Annie Absnaider, 81, died at the family residence at Salem late Tuesday, July 27, 1943, where she had lived with a son since 1913.

Funeral services for Mrs. Absnaider will be held at 9:30 a. m. Thursday, July 29, 1943, at the St. Cyril-Methodius Church at Marak with Father Ben Holub, conducting. Interment will be made in the cemetery at Marak. The body will be at the Marek-Burns Funeral Home until 8:45 Thursday morning when it will be taken to the church at Marak. The Marek-Burns Funeral Home will direct arrangements.

Mrs. Absnaider came to Texas 40 years ago from Europe. She was preceded in death by her husband in 1932.

Surviving are the following children: Four sons, Anton, Rudolph and Alois of Cameron; Frank of Houston; two daughters, Alouisa Kutnek and Agnes Mikula of Cameron.

Do not park near fire plugs!

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County Greeting:

F. I. Grubbs, Guardian of the person and Estate of Silas E. Manley, a non compos mentis, having filed in our County Court his Final Account of the condition of the Estate of said Silas E. Manley, a non compos mentis, number 3098 on the Probate Docket of Milam County, together with an application to be discharged from said guardinship.

You Are Hereby Commanded, That by publication of this Writ not less than ten days before the return day hereof in a Newspaper printed in the County of Milam, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday, the 9th day of August 1943, at the Court House of said County, in Cameron, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Cameron, Texas, this 23rd day of July A. D. 1943.

(Seal) HOMER NABOURS,
Clerk County Court, Milam County
A True Copy, I Certify.

The 500 Millionth Gallon

Somewhere on one of the global war fronts, or at one of the busy training fields here at home, the 500 millionth gallon of powerful 100-octane aviation gasoline made by the Humble Company has gone into action.

500 million gallons is a tremendous quantity of gasoline! Enough to fuel 200,000 four-engined bombers on a round trip raid deep into enemy territory. No, there aren't that many bombers . . . maybe there never will be . . . but, 500 million gallons will fuel 1,000 of these giants for 200 separate raids against the enemy.

Yes, 500 million gallons is lots of gasoline, and all of it has come from Humble's Baytown refinery which holds the distinction of having produced more of this essential war product than any other plant in the world.

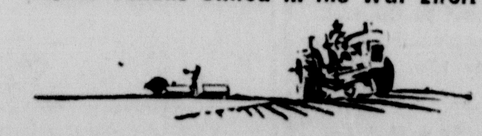
But the Humble Company's war work is not confined to the production of 100-octane gasoline. Humble refineries have also produced millions of gallons of 91-octane gasoline for commercial airliners and training planes, and are currently providing, in addition to aviation gasoline, large quantities of the following petroleum products to ride in the raids with the bombers; toluene (since Pearl Harbor, Humble has produced much more toluene for high explosives than all other sources in the nation combined); aviation engine oils; Univis instrument oils; stratosphere greases, and rust preventives. Humble soon will be producing synthetic rubber for tires, wire insulation, rubber boats, and numerous other essential items needed by the air force.

The Humble Company feels keenly its obligation in the nation's war effort. The same engineering skill, the same refineries which give you Esso and Humble gasoline, Esso 997, and Velvet Motor Oils for your car and truck, your farm and industrial machinery, have been geared for war production. And 13,000 Humble employees are dedicated to the job of delivering vital war goods in adequate quantities and on time.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Univis Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Ban Protective Coatings, Stratosphere Greases, Toluene, Torpedo Greases, Waxes, Waterproof Lubricants, and soon, Synthetic Rubber for military uses. **FOR THE MACHINES OF INDUSTRY:** Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes. **FOR YOUR CAR:** Products and service to help you care for your car for your country.

HUMBLE OIL & REFINING COMPANY

13,000 Texans United in the War Effort



HUMBLE

Humble fuels, lubricants and greases have been field-tested and used by successful farmers for years. There is a Humble product for every farm need. Look to your Humble Bulk Agent for advice on your fuel and lubrication problems.

Have a "Coke"=Come, be blessed and be happy

"Coke"= Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

. . . or how to break the ice in Iceland

"Come, be blessed and be happy", says the hospitable Icelander when he meets a stranger. That's a warm way of putting it, but no more friendly than the way American soldiers say it. *Have a "Coke"*, says the Doughboy, and it works in Reykjavic as it does in Rochester. *The pause that refreshes* is the friendly way to say "Hi, pal" in any language. All over the globe Coca-Cola has become the ice-breaker between kindly-minded strangers.

CHRISTIAN SCIENCE SERVICES

"Love" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 1.

The Golden Text is: "O God, thou art my God; early will I seek thee. . . . Because thy loving kindness is better than life, my lips shall praise thee" (Psalms 63:1, 3.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy mercy, O Lord, is in the heavens; and thy faithfulness reacheth unto the clouds" (Psalms 36:5.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit, Life, Truth, Love, combine as one—and are the Scriptural names for God" (page 275.)

"Desperadoes" Great, Throbbing Western at Cameron Theatre Thurs

A sun-drenched frontier town, Red Valley, is the scene of Columbia's sensationally colorful and breath-takingly dramatic new Technicolor Western, "The Desperadoes," which features Randolph Scott, Glenn Ford, Claire Trevor, Evelyn Keyes and Edgar Buchanan at the Cameron Theatre on Thursday directed by Charles Vidor and based upon an adventure-packed story by Max Brand, "The Desperadoes" has been greeted with unstinted critical acclaim. There can be no doubht that the new film is one of the mightiest out-door action pictures of all time, a thrilling, magnificent epic of the old West.

Into Red Valley, and the greatest adventure of his adventure-stalked young life, rides Cheyenne Rogers, man-hunted killer. He discovers he knows Steve, the town's new sheriff; he finds the Countess, who runs a gambling hall, is a former chilhood sweetheart; he falls in love with a girl, and learns that her father is the man for whom he planned to rob the bank

Trying to go straight Cheyenne is caught in a mesh of romance and intrigue which leads him straight to a legal lynching. Escaping, with the connivance of the Sheriff, he returns to Red Valley long enough to learn the truth about the nefarious goings-on of some of the town's "better" citizens. Then, because the sheriff himself has been jailed for his part in Cheyenne's escape, the gun-fighter again returns—this time amid the tumultuous thunderings and terrors of a wild horse stampede, in order to clean up, once and for all, the lawlessness of that particular frontier.

Ford, whose rise to stardom has been a swift, steady one, tops his finest performance as Cheyenne, the soft-spoken killer who wants to reform. Scott appears effectively as the sheriff, who is his rival for the hand of the lovely Miss Keyes. Clarie Trevor appears as the Countess, and Edgar Buchanan is the slyly likable rascal responsible for all the skullduggery. Valuable performances are also said to be contributed by Guinn Williams and Porter Hall.

W. N. Oneal of Milano transacted business in Cameron on Tuesday.

Mrs. Dick Hughes and Mrs. Grady Hughes of Houston spent the week end in Cameron.

Mrs. Lucille Brady of Temple, was a guest of Mrs. Emma Butts for a few days, returning home Monday.

ARE YOU LOYAL TO UNCLE SAM? I AM!

The ancients thought that their Sun God alone was responsible when they enjoyed health and vigor. They made many sacrifices which they hoped would keep him in good humor.

Apollo got the Glory
...the Vitamins did the work

Fortunately, we do not have to depend upon the whims of an Apollo for safeguards for our health. Science has demonstrated over and over again that sensible living and proper nutrition are the first steps toward a robust body and an alert mind.

The entire nation looks eagerly for news about Science's continuous studies of vitamins. One fact that has been determined is that the B Complex vitamins are the least plentiful in the foods that come to your table. Physicians say that your body is quick to feel a B Vitamins deficiency, but unharmed if you get more than enough.

* * *

The home of Budweiser is one of the world's biggest sources of B Complex vitamins. They are contained in brewer's yeast, which we supply to leading pharmaceutical manufacturers. From them, our armed forces and our civilian population obtain millions of B Complex vitamin units to supplement the daily diet when necessary. The perfection of this vitamin-rich yeast is one more result of laboratory and research work that has helped to produce the world's most popular beer.

Budweiser
TRADE MARK REG. U.S. PAT. OFF.

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of: Rubber • Aluminum Munitions • Medicines • Hospital Diets • Baby Foods • Bread and other Bakery products Vitamin-fortified cattle feeds • Batteries • Paper • Soap and textiles—to name a few.

Kachins Tough Mountain Fighters; Harass Japanese

Kachin tribesmen of Upper Burma are harassing the Japs by lashing out at their would-be conquerors in sudden forays from their mountain fastnesses along the Burma-China border.

Kachins undoubtedly tricked the Japs in time-tested tribal style—by selecting a spot where the trail hangs half way up a canyon wall and digging out underneath it so the trail slides into the river below. When the enemy column gets to this point it is pounced on by Kachins from the rear and above.

Unlike the smaller Lisu tribe, which lives across the border in China and which is also fighting the Japs, the Kachins inhabit remote mountain areas because they like it, not because they were forced there by stronger tribes. There are about a million Kachins but their strength lies in aggressiveness rather than in numbers. They have never been united in a political or military sense. Normally, they like to fight each other too well to bother with outside enemies. Even families within villages developed blood feuds of the Corsican or "Hatfield-McCoy" variety.

Kachin men are about five feet four inches in height, tough and wiry. Women are a few inches shorter. They are of a confused Tibetan - Chinese - Mongolian stock. They live in communal bamboo buildings without rooms. Each family is allotted one of the many fireplaces within the structure and this is "home."

French Guiana Chiefly Is Known for Devil's Island

French Guiana, which has given up its Vichy ties, is the easternmost of the European "triplets" set in South America's north coast.

Tropical, mountainous and heavily forested except for the coastal lowlands, the colony has lagged behind the adjacent British and Dutch Guianas in commercial and industrial development. With only 8,000 acres cultivated, stimulation of the use of land has been a persistent government problem.

Before the war, gold, sugar, rum, hides, fish glue, and various woods were exported. The banana market was expanding. Growers of maize, sweet potatoes, and cassava, for the most part consumed their products themselves.

French Guiana is best known as a penal settlement. For almost a century convicts have been sent from France to the Guiana mainland or to one of the penal isles off the coast. Devil's Island is a green bit of tree-capped land about 27 miles from the mainland. It was reserved for political prisoners sentenced to life imprisonment. At times it has held less than a dozen convicts. Its ill-fame has been epitomized in its other name, "the dry guillotine."

Sewage Sludge Valuable

Digested sewage sludge, which is available in many communities from sewage disposal plants, has a definite value in gardens as a source of plant food. From the standpoint of possible danger to human health use of sludge should be safe if it is dug into the soil under such crops as corn and beans. It is not recommended for top dressing under crops that are used raw for salads such as lettuce and radishes.

If digested sludge is used, it should first be composted with materials from the garden and used the following year. This should make it entirely safe for any garden use.

Analyses by chemists at the New Jersey Agricultural Experiment Station indicate that dried samples of the material average about 1.5 per cent nitrogen, 1.25 per cent phosphoric acid, and 0.2 per cent potash.

Teach WAACs to Cook

At the war's end, hundreds of WAACs will return to civilian life, as expert cooks, trained by army methods to feed hundreds at each meal. Among the women who are daily attending classes, there are many whose sole claim to culinary fame before entering the WAAC was the ability to open cans. Now they are rapidly qualifying as experts in the food line. Others, already experienced dietitians, are adding to their specialized knowledge. Third Officer Maggie Lynn Willis of Starkville, Miss., executive officer of the cooks and bakers of the Second WAAC Training Center, explained: "In my opinion the health of our nation will be raised 100 per cent according to standards of nutrition when our cooks and bakers return to civilian life."

Africans Prize Army Cans

The millions of steel cans brought into Africa by American forces on that front are proving a bonanza to natives, who use them as cooking and drinking utensils and for a variety of other purposes.

In many native homes the lid of the empty can is cut and shaped into a fairly comfortable handle and the edge pounded into a smooth rim. In many cases the labels are left on the can to help each member of the family identify his exclusive drinking cup.

Larger cans are fashioned, often with considerable ingenuity, into pans, kettles or ornamental objects. Tops and bottoms are turned into the wheels of toy wagons. Jagged edges make cutting tools when tied to wooden handles or shaped into forks or hand rakes.

ITALIAN SURRENDER FORECAST BY KING

Benito Mussolini, Italian Dictator and Premier, has been kicked out of office by King Victor Emanuel and Marshal Badoglio named to succeed him.

The dismissal of Mussolini was announced Sunday and was received with little enthusiasm in world capitals.

At noon Monday the whereabouts of Mussolini was unknown. One report said he had been made a captive by the government as he sought to flee Italy into Germany. This report came from Switzerland where more lies are manufactued than cheese.

In announcing the resignation of Mussolini the King said "we must stand against those who have wounded the sacred soil of Italy." General Badoglio said "the war must go no."

In Washington early Monday Secretary of State Hull said the ousting of Mussolini was the first break in the Axis partnership and the first move to rid Italy of the Fascist government.

The resignation of Mussolini came at a time when Allied armies were invading Sicily and holding all save about one fifth of the Island.

Mussolini was the first of the modern dictators. He came to power in 1922 in a bloodless march on Rome. He organized the Blackshirts of Italy, an army with a political background. His ultimatum to King Victor Emanuel was: "Give us power peacefully or we take it by force." The King capitulated and asked Mussolini to orgaize a government. He demanded all power and got it. Since that time he has ruled Italy with an iron hand.

In 1935 he told the Italians to live dangerously. On one of the popular Italian coins are these words of Mussolini: "I would rather live for a day like a lion than a hundred years like a sheep."

Italy attacked and overcame Ethiopia; attacked in order, Albania, France, Yugoslavia, Greece and then declared war upon the United States, Russia and England.

The Italians were driven out of Ethiopia by the British and out of North Africa by the Americans, British and French.

The statement of King Emanuel in accepting Mussolini's resignation plainly indicates that Italy is through and her task now is to build up from the ruins which the Fascist party brought to the country.

The terms of the Allies is unconditional surrender. The events in Italy during the past 48 hours brings sharply to memory the same happenings in the countries of the Central Powers in 1918. Leaders of the German, Austrian and Turkish empires and also Bulgaria, were to be tried before a court of International Justice. They all escaped and not one was ever brought to justice.

Mussolini in his early days was an Anarchist. He published a radical newspaper and served a prison term. He is regarded as a man of exceptional personal courage.

Marshal Badoglio was in command of the Italian armies during the invasion of Greece, though anti-fascist. He came out of Greece and the Balkans with his tongue out because he had been badly whipped by the Greeks It was the retreat of the Italian army that inspired the French soldier to put up a sign which read. "Notice to the Italian army, this is the French frontier."

In World War No. 1 surrender was the mastor weapon for victory. It may be tried again. The war may now be said to be in a most critical stage. It requires more determination to carry out peace objectives than to fight with arms in the field.

The Russian army was expected to take Orel at any time.

The battle in Tunisia was somewhat overshadowed by the events in Italy but all hope of escape for the Germans had been cut off.

BARBECUE FOR POAGE

The Chamber of Commerce is going to have a free barbecue for all C of C members and their wives, Tuesday, July 27th, at 8:00 p. m. at the City Park.

Congressman Poage will serve as principal speaker.

Eulalio and Marie Castanon are the proud parents of a baby boy, born Tuesday in the Newton Memorial Hospital.

MUST SURRENDER OR TAKE CONSEQUENCES

Declaring that Italy must renounce the German alliance and surrender unconditionally or reap the frigthful consequences of devastating war. Winston Churchill in the House of Commons Tuesday dispelled all feeling that the United Nations will treat with the Italians.

Italy will be burned and blackened by attack unless surrender is forthcoming. As late as noon Tuesday there was no indication of what might be brewing in Italy except that unrest was a grave problem.

Mussolini who Sunday resigned as Premier has not been heard from. He is reported to be under arrest and his newspaper "The Italian People" at Milan has been partially wrecked and has suspended publication.

Mr. Churchill and Mussolini have been bitter enemies for years.

President Roosevelt will speak to the nation at 8 p. m. Central Standard time Wednesday night. He will discuss economic problems, perhaps a price roll back program. In Washington it was said he may refer briefly to the Italian situation.

Early Tuesday 21 German transport planes were shot down over the Macena straits and in addition 8 escort planes. They were attempting to reinforce the Germans at Catania.

The Americans and Canadians were advancing in the face of heavy opposition in Sicily.

In an attack on Wake Island the Japs lost 9 planes while we lost one. Kiska has been attacked 11 times in 3 days. The Russians are now in position to force capture of Orel.

Mrs. G. G. Terry, Mrs. A. H. Holberdier and Miss Helen Ruth Wheelas spent the week end at Hood Village with Staff Sgt. C. L. McLendon and Mrs. C. L. McLendon.

$85 Given By County And City Officials To Fire Victim Here

The sum of $85 was reported at noon Tuesday for Will Vaughan, deputy sheriff, who sustained a loss of some $2,000 Sunday by fire in the loss of a barn on his farm.

Ed Gunn, Criminal District Attorney, was responsible for the collection and reported that the amount given thus far came from county and city officials.

Mr. Vaughan was deeply appreciative. Friends who wish may leave whatever they want to give at the Herald or with Judge Gunn at the Court House. These donations are voluntary from Mr. Vaughan's friends and are not solicited. The test of a good neighbor is that we help one another and none may know when disater may befall him.

Mrs. Vaughn Thweatt and Mrs Tom Floyd of Maysfield were in Cameron Monday.

Pvt. Elroy Cerny of Camp Hood visited in the home of Mr. and Mrs. R. B. Craddock last week end.

Lions Club Sponsors Benefit Softball Game Friday Night

A benefit softball game sponsored by the Lions Club will be played at Yoemen field Friday night begining at 8 o'clock.

The Lions will play the American Legion team. Proceeds from the game will be used to pay costs of transportation for members of the Lions Club to Austin to give blood to the plasma bank for war use.

Players on both teams will wear women's clothing to accentuate a flare for humor and make the game more attractive.

Funds taken in at the game will, if they exceed the amount needed for the Austin trip, be used to erect a waiting station for soldiers at the Y on Highway 77 east of the city.

If funds taken in are not sufficient to pay the cost of the Austin trip, the club will make up the difference.

Mrs. M. A. Hearne returned home after visiting her daughter, Mrs. I. M. Baker in Arkansas and also visited friends in Arlington on her way home.

NEWS FROM MILANO

Mrs. Electra Golson, age 54, died at the home of her mother, Mrs. G. W. Mullins here early Thursday morning, July 22. Mrs. Golson had been making her home with her daughter, Mrs. Henry Dean of San Francisco, Calif., and came to Milano with her daughter a week ago to visit with her mother. She had been in failing health several years but her death came as a shock to her family. They did not think she was growing worse until a few hours before her death.

Survivors are: one daughter, Mrs. H. H. Bean of San Francisco, Calif., her mother, Mrs. G. W. Mullins of Milano; a brother, Ralph Mullins of Houston and a host of other relatives and friends.

Funeral services were held at Milano Cemetery, conducted by Rev. Posey, Milano Baptist Pastor, Friday afternoon.

Pall bearers were: Carlos Sloan, Bob Elliott, John Edwards, Hudson Wood, Mr. Young and Henry Anthis. The floral offering was beautiful. Phillips and Lucky had charge of funeral arrangements.

HAYGOOD-REEDER

Miss Ella Bess Haygood of Cameron and Lt. Glen Reeder of Camp Bowie, were married on July 11 1943, at the Chapel in Camp Bowie at 8 p. m. The ceremony was performed by Lt. V. T. Kissel, chaplain, reading the ring ceremony. Lt. and Mrs. ed to the army air base at Glasgow, Montana, following a few days furlough spent in the home of his mother and with other relatives and friends here.

Miss Estella Lenhert of San An- Thomas A. Tacolucci were in the wedding party.

The bride is the daughter of Mr. and Mrs. J. W. Haygood now of Temple and Lt. Reeder is the son of Mr. and Mrs. Glenn D. Reeder of Crowell.

Mrs. Reeder was born and reared in Cameron and graduated from Yoe High School and attended the University of Texas. For some time she has been employed in Houston.

Lt. Reeder is a TCU man from Fort Worth and was graduated from the school of pharmacy at the University in June 1942. He is in the medical corps and is stationed at the Camp Bowie Hospital.

Lt. and Mrs. Reeder will make their home in Brownwood.

Mr. and Mrs. J. E. Odon of Abilene are the proud parents of a baby girl weighing 6 1-2 pounds, born Saturday, July 24, in the Newton Memorial Hospital. Mrs. Odom was the former Miss Fanny Mae Powell of Ad Hall. The baby has nine grandparents, Mr. and Mrs. W. W. Powell of Ad Hall, and Mr. and Mrs. A. C. Odom of Jones Prairie, Mr. and Mrs. George Odom of Bryan Station, Mr. and Mrs. W. F. Hensley, Mrs. Joe James of Jones Prairie. Mr. and Mrs. Odom are both graduates of Yoe High School and graduated the year of 1935. The baby is the first grandchild to Mr. and Mrs. A. C. Odom and Mr. and Mrs. W. W. Powell's second.

Miss Estella Lenhera of San Antonio was home to visit her mother while her brother, Pvt. Roman Lenhert came home on furlough from Glasgow army air base in Montana Miss Estella has returned to her work in San Antonio. She is employed by the Social Service Board of this city.

Mr. and Mrs. S. R. Fuller are the proud parents of twins born Friday, July 23, in the Newton Memorial Hospital. A girl named Barbara Gray weighing 8 pounds and boy named Simme Ray weighing 7 1-2 pounds. Mother and babies are reported doing nicely.

Sgt. Frank Richter Home On Furlough; Gunner Instructor

Tech Sgt. Frank Richter, United States Army Air Corps, is in Cameron for a ten days stay with his parents.

Sgt. Richter is stationed at Lakeland, Fla., an instructor in aerial gunnery. In volunteering for service Sgt. Richter asked for the air Corps. He was first stationed at Ellington Field, Houston.

Tuesday afternoon Sgt. Richter expressed his sorrow over the death of Sgt. John Wallace, killed over Japanese lines in a B-24 bomber in the South Pacific. Sgt. Wallace was a radio operator.

Sgt. Richter and Sgt. Wallace were at Ellington while Capt. Thomas J. White was getting his advanced training as a cadet. All were together at Jackson Airport, Mississippi; at Columbia, South Carolina and Meridian Miss. When they were transfered to MacDill Field, Florida, Sgt. Richter went to Fort Meyers and became a gunnery instructor while Sgt. Wallace transfered out to a radio school and became an instructor. Later Sgt. Wallace went over seas. Capt. White was an instructor at MacDill and is now in England.

Sgt. Richter is in the 384th Group, a crack unit of the army air force now instructing combat pilots and crews for actual warfare. He wants to go over but fears he may be held at Lakeland for some time. He has developed to be one of the most valuable men in the service there.

Born an reared in Cameron, Sgt. Richter, graduated at Yoe High School, was a crack lineman on the Yoemen team under Coach Carroll Wood and took a place with the Coca-Cola Bottling Company and was sationed at Madisonville when he volunteered for the air corps.
